DEPENDABLE TWO YEAR FIELD GROWN ROSES

Years of experience enable us to offer here the most reliable and choicest roses in two-year-old field grown plants. We handle no tender greenhouse, low priced plants which take years to produce flowers. Even the cheapest of our plants, if given a reasonable amount of attention, will flower lavishly the first season. While we are often able to furnish one-year-old stock in a few varieties, we recommend nothing but two-year-old plants.

Mail orders for roses or nursery stock will be given the best attention and filled with the best stock. We have no culls or seconds. All varieties listed are in stock. We substitute varieties as nearly similar as possible in cases where stock is sold out, unless orders are marked "No Substitution." This, however, is rarely necessary until late in the season.

We pack securely for express shipments without extra charge, customer paying the express charges, which are very light on all kinds of nursery stock.

OUR MOTTO is "Strong Plants that give immediate results at low prices."

5 per cent off on all orders amounting to \$5.00.

10 per cent off on all orders amounting to \$10.00.

RARE NEW ROSES OF 1913-14

CORONATION.

Color shading from flesh to bright shrimp pink slightly reflexed at the edges. This is the largest rose ever raised. Opens fine in all weather, and a first class exhibition rose. Awarded Gold and Silver Medal National Rose Society and many other awards. Each \$1.50

H. E. RICHARDSON.

Flowers have perfect outline and high pointed center. Color a deep rich crimson of dazzling brilliance. Produced on long erect stems and a wonderful bloomer. Gold Medal National Rose Society and Irish Rose Society. Each.....\$1.50

IRISH FIRE FLAME.

In the bud state it is a deep orange splashed with crimson, which becomes a fiery orange changing to old gold delicately sheened. Foliage strongly Tea-Persian perfumed. This rose is never out of bloom and measures 5 inches across. Each.....\$1.50

LADY MARY WARD.

Color a rich orange shaded apricot orange with a metallic veneering. This is the greatest novelty yet seen in roses. Sweetly perfumed and a free bloomer. The color will appeal to all lovers of roses. Awarded a Gold Medal of the National Rose Society. Ea. \$1.50

Best red.

WHITE KILLARNEY—Pure white, vigorous and perpetual blooming.

HOLLAND BULBS

We submit the following list of dependable bulbs for garden culture, as a result of years of experience in selecting bulbs for some of the largest plantings in America and Canada.

During the past ten years the demand for "EVER-GREEN BRAND" of bulbs has grown from a few thousand to almost a million bulbs yearly. Today we are shipping bulbs to every state in the Union.

We are constantly in touch with the largest bulb growers, and at least one of our firm goes to Holland yearly, and superintends the selecting and

packing of all bulbs. For this reason success is assured when you buy our bulbs.
